LEBANON SCHOOL DISTRICT

11/18/2008

Where we are today:

Where are we on the route to building a new school?

A great deal of work, research and community collaboration has taken place as we, the community, work through the challenges presented by Lebanon Junior High, leading us to the progress we've made so far toward a new facility. The Lebanon School Board has brought forward 2 votes this year, one in March 2008 and one in October 2008. We are working on the plan to bring forward to voters in March 2009 utilizing the land voters authorized us to purchase in October.

Community discussions are on-going regarding the details of this plan and a final outline will be arrived at in December. Our recent School Board meetings have been well-attended, and productive conversations have taken place moving our community toward consensus as we work through the crisis at the Junior High facility. The Board encourages you to join these conversations at our meetings, and check the Lebanon School District website frequently at sau88.net, looking for the Building Project link. Updates will be made frequently.

Sincerely,

Laura Dykstra

School Board Chairwoman
